Art Unit: 1722

1. This application contains claims 7-12 drawn to an invention nonelected without traverse in Paper No. 8. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 17-25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 17 recites the limitation "the opening" in line 6. Although a "mold opening" has been referenced previously in this claim (line 4), the reference in line 6 is not clearly referring to the same as the "mold opening." The disclosure of the instant application references another opening (see figure 3, #5) which the optical window is formed more proximate to than the mold opening (2). Thus, it is not clear if "the opening" in line 6 is referring to the mold opening (2) or the opening (5).

4. Claims 2-6 and 13-16 are allowed. See the reasons for indicating allowable subject matter in the previous Office Action.

5. Claims 17-25 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1722

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
